

BREAKFAST AT SUSTAINABILITY'S

Promoting Social Innovation Through Public Canteens

Organised by

With the
collaboration of

With this high-level workshop, we advocate for **transformative minimum standards in public canteens** through the EU ([Manifesto](#)). In particular, we call for the implementation of **healthy school meals** and **food education** for every child in every school in Europe ([Petition](#)). The goal is to achieve more socially just and resilient food regions and communities.

With the upcoming legislative framework for **Sustainable Food Systems** (FSFS) and the revision of the EU school fruit, vegetables, milk and food education scheme, the EU has gathered momentum for change. This session will show the power of the public plate combined with social innovation as a way to improve the wellbeing of individuals and resilience of our communities.

DATE **10 October 2023, from 9:30 to 10:30** - followed by a sparkling drinks reception

VENUE SQUARE Brussels Conference Centre, Mont des Arts.
